Hi All,

Here is the latest schedule we have for the Administrator's visit to Durango today- please note this does include the updated location for the press avail.

I know a few pieces of information are still up in the air/need confirmation, but hopefully we are able to lock in a few pieces before the Administrator leaves Denver. The biggest piece we need to lock in would be any meetings with Congressional members (Shaun- I know your team is still working on this). Or if we have any folks from State/Local agencies at UCC that the Administrator can meet with? We will have that entire block from 2:45-4:00pm open for these meetings, and we have reserved the large conference room at the UCC.

Also I wanted to loop Jackie Mathew, from our advance team onto this chain. Jackie is now on the ground in Durango and can be used as an extra set of hands for logistics or movements if you need her help.

Thanks again,

Kate
